I've got someone with Adobe Acrobat Pro trying to do just that, but because of the way the file is structured, he's having some problems. I stuck a disc in overnight mail for you this morning with the complete file and it should be delivered to your address below tomorrow morning. Sorry again for the confusion.

That was the only document. Can you break it into several pieces and email it?

If not, my address is:

Gary Moore (6SF-ER)

US EPA Region 6

1445 Ross Ave, Ste 1200

Dallas, TX 75202-2733

Thanks

Gary - I'm working on getting a digital copy of the APAR for you and should have it in a few hours. Because of the size of the file, I won't be able to email it to you, but if you'll give me a physical address, we can have a disc sent to you via overnight mail. Was that the only document you needed?
